PRINCIPAL'S MESSAGE

DR. KELLY

To the Class of 2004,

Marple Newtown School District's mission statement speaks of fostering life long enjoyment of learning. In that sense, every student holds the capacity of "genius." The word genius comes from the Greek word meaning "to bring forth." It is also closely related to the word genial, which has an extended meaning of joy. The word "genius" has evolved to refer only to the best and brightest students. In fact, however, educators were referring to every students' potential as the term "genius" evolved. Educators and students were the ones who brought forth joy in learning from their own potential.

A school is not just a building but a living store of ideas, experiences, dreams, and successes. At any time during your high school career you were curious, playful, imaginative, creative, wonder-filled, wise, inventive, vital, sensitive, flexible, humorous, and joyful. You represented yourselves, your families, and Marple Newtown High School very well in all the things you did. I congratulate and thank you for all of your accomplishments in the classroom, on the playing field, on the stage and in our various activities.

You are now moving forward to the next step in your journey. Remember and celebrate your ideas, experiences, dreams, and successes which helped craft the person you are today. I encourage each member of the Class of 2004 to continue to explore and expand your potential. In a real way, each of you possesses a capacity for genius.

I fervently hope to hear of your successes, achievements, good health, and happiness.

I guess this is the part where everyone is supposed to put in a cheesy quote and say, "Thanks to all my family and friends. I love you guys!" But I figure if you want that many pages of old sayings, you might as well just save your agenda; it has one for every week of the year! That's not the way it works though, so I flip to the week of February second . . . "The more you like yourself, the less you are like anyone else, which makes you unique." -Walt Disney. Oh yea, and how could I forget . . . Thanks to all my family and friends. I love you guys!

Its amazing that 4 years here are coming to a close. Its amazing that every moment thus far will one day only seem a small part, a brief beginning, to a whole life. The most valuable lessons I learned here were taught in classrooms. To all the friends I've made: you have made an impression on me that will last a lifetime. To "the guys" NR, BS, SG, AT, KF - No one could ask for a better group of friends. No matter what we must keep in touch. "For I know the plans I have for you, plans to prosper you and not to harm you, plans to give you hope and a future." - Jeremiah 29:11

We are the music-makers / And we are the dream ers of dreams, / Wandering by the lone sea-breakers, / And sitting by desolate streams, / World-losers and world forsakers, / On whom the pale moon gleams / Yet we are the movers and shakers / Of the world forever, it seems / With wonderful deathless ditties / We build up the world's great cities. / And out of a fabulous story / We fashion an empire's glory / One man with a dream, at pleasure, / Shall go forth and conquer a crown; / And three with a new song's measure / Can trample an empire down / For each age is a dream that is dying / Or one that is coming to birth. After four long years, we finally made it through. Now we can actually begin our lives properly, the way we want. School showed us who we might be, or who we're not. It gave us a world that included hundreds of unique people that we got to know, or didn't. Those whom we ignored could have been our greatest friends in life, but we'll never know now. Let's not make this mistake out in the real world. We should be open to those who seem different. I wish all of us the greatest success and the happiest of lives.

Alicia Muldoon

High school relationships come and go but friendships last a lifetime. From Quad Form, Form 2k to silver dish, it all comes back to the one question, where do I go?!? One of my most memorable times in Marple would have to be Mr. Hunter's History class. Not only is he a great teacher but he kept things fun. As for after high school, I think I'll be headed in the artistic direction. If not there, there are other job options I'm interested in. I also want to say thanks to all the teachers who put up with me over the years. And lastly, if I were to quote anything worthwhile, I'd have to say, live life to the fullest because you never know how long you're meant to be here.

"Don't ever allow the things you miss from your past and what you fear about your future to hold you down from living your present" This year was an experience that I'll never forget I know that sometimes I might have thought that I wouldn't make it, that I wanted to go home, but somehow I managed to be here, in the end, remembering all the moments that I've spent with the friends that I made here, people that I'll carry my whole life.

TWO THOUSAND FOUR
SENIOR CLASS OFFICERS

When I first became President, I had no idea what to expect or how to begin. With the help of my officers and classmates, it wasn't a hard start. It hasn't been an easy job but it has been one I am proud to have done. From proms to fundraisers and everything else that falls in between, I had a great time. D.J.: our #1 man, you were always there to pick up the pieces and make them fit. Lindsay: two different styles but they always work, value city: she wants everything and Brittany: that's the truth. You put it the way it is. Thanks! Thanks to those of you who helped us out and everyone who didn't: your loss! Thanks everyone for appreciating our hard work. I hope everyone had fun. Good Luck
Janeane Tolomeo, President

Janeane A Tolomeo

I can't believe our senior year has finally come to an end. Being the Vice President for the past four years, I have learned that it was definitely a challenge trying to please each and every one of you. Although we tried it was never good enough. Finally we started to see that there was nothing left to do besides support the rebellious Class of 2004. "If you can't beat em join em'." Rebellious, it's not a bad thing because that's why our class will always be remembered. We always went against the odds. I mean, who loses spirit week as a senior? I wouldn't have survived this past four years without the help of my fellow officers. Janeane: Compromising on ideas, you connected us all together. Glad you joined our crew. Brittany: Morning talks, 1-2-3 Cool. DJ: G-unit, Dirty Jokes. ALL: Value City, Save-A-Lot, Delirious Nights decorating the halls. What a CRAZY CREW: The Cheerleader (Linds), The Punk (DJ), Ghetto Girl (Britt), Janeane, well your just Janeane. Love all of you. To the Class of 2004: Good Luck In the Future!!
Lindsay Wenner, Vice-President

Lindsay Wenner

(Left to Right) Janeane Tolomeo, D.J. Kearney, Lindsay Wenner, Brittany Caprice

What a long four years. Interesting. Although sometimes it was very frustrating, we always got the job done. Starting with the banned pep rallies and all of the boring assemblies, we still made our four years here a class to remember. Long Nights sorting candy grams, doing the hallways until 11:30, dropping the helium tank and running away screaming, everything has been memorable. BRITT- my dawg, you are the craziest person ever, good times, best ghetto girl ever. LINDS- value city, "do you live at Dunwoody?", fundraising, you are simply a cheerleader. JANEANE- Let's just say, you are very unique. You kept us all together. Best Prez ever . . . haha. Sure we may not have pleased everyone at times, we did the best we could, and I think the Class of 2004 will be the most memorable class of all times for our crazy antics and rebellious ways. Good luck in the future, you guys rock.
D.J. Kearney, Secretary

D.J. Kearney

Class of 2004, These past four years can not be described as anything else but "interesting." From the CRAZY pep rallies to the BORING assemblies, you have always made each day something to look forward to. Being your class treasurer was fun, yet extremely stressful. You were never happy, nothing was good enough. But I guess that is a good thing, never settle for anything less then the best. As for my other officers: HALLWAYS-NEVER AGAIN. 3PM to 11:30 PM, Canned Food Drive- Save-A-Lot. LINDSAY- We are the only true originals! We had our little, or should I say HUGE fights, but I still love you! Cat-Dog; 1-2-3 COOL. DJ- G-Unit, you are my Boy! Always lightening up the mood! Peace out Gangsta. JANEANE- You and I both know that we have not always agreed on everything! I love you though; this year would not have been the same without you! And all of you who think we didn't do a "good job" these past years, TOO BAD! But in all seriousness. Good Luck and Peace Out!

From the Editor...

Wow. I can't believe it's finished. 8 months are hard work in just one book. This was a great experience and I learned so much. Being an editor has taught me so much about deadlines and following directions. Every year, the yearbook begins with 200 blank pages. As editor, your job is to fill those 200 pages with memories that will last a lifetime. When we began in September, we spend hours marking old yearbooks, deciding what we liked in past years and what we didn't like. Like every year, our goal was to create a unique yearbook, different from all of the others. However, unlike other years, we truly created a unique book, filled with effort, thought, and creativity. Although there were times when people would criticize us or question our ideas, we pulled through and made an awesome yearbook. First, I would like to thank all of the senior editors...Helena, Steph, Meg, Jenna, Katie, Christy, Brittany, and DJ. If it wasn't for you guys, this yearbook would not be done. Thank you all for your hardwork and dedication. I will never forget the time we spent sitting in that little yearbook room cropping baby pictures and tagging last words. Meg and Jenna- hours going through old yearbooks, creating a ladder and getting everything to work out. Helena- thank you so much for your willingness to help all the time and your creativity! I could never have done any of this without your support! Meg, Nicole, Shaunie- last minute sports pages...continuously having to reschedule pictures. You did a great job this year! Steph, Helena, and Meg...never forget the time we spent looking over proofs, proud and amazed at how good they all looked!!! DJ- after 3 years with the yearbook, we can finally say we are finished. Katie and Laura- great job this year, thanks for all your help...good luck next year. To all of the other underclassmen, thank you for selling Ads! Mr. O'Brien, thank you for all of your help and support. And finally, Mr. Williams, Thank you so much for all of your support, the passes, and most importantly the key. Also, thank you never getting frustrated with me.To everyone that helped and supported the yearbook, thank you After all of the hard work, I am proud to say we are finished and have a great yearbook to look at!
